

2018 Call for Session Proposals

Nonprofit Leadership Conference

June 6-7, 2018 • Radisson Hotel • Bismarck, ND

The North Dakota Association of Nonprofit Organizations (NDANO) invites you to submit an educational session proposal for the 2018 Nonprofit Leadership Conference. Share your knowledge and perspective with attendees on new trends and best practices for governance, accountability, fundraising, advocacy, communication, human resources, planning, financial management, technology and evaluation.

Educational sessions provide an opportunity for leaders from nonprofits of all sizes, types and backgrounds to examine how others in the profession work to achieve their missions. We invite proposals that examine different points of view, involve innovative thinking and provide new approaches to problem-solving.

All sessions are expected to be 60 minutes. NDANO reserves the right to suggest modifications to session proposals, adjust session titles and descriptions to better align with the conference goals, and reject any proposal that is geared to marketing a specific product or service. *Selected session presenters will be notified by February 23, 2018.*

Session Proposal Requirements

Please prepare a Word document with the following information:

- Session Information
 - Title & Description (maximum 150 words)
 - Type (formal presentation, facilitated discussion, other)
 - Target Audience (experience: beginner, intermediate, advanced) (organization size: small, medium, large)
